NO ABATEMANT OF THE HOT WEATHER

Little Consolation For the Heat Stricken District.

MANY DEATHS ARE REPORTED

The Greatest Intensity of the Heated Term Centers in the Ohio Valley and the Northern Portion of Middle Atlantic States.

Washington, July 20.—The heated term continued with little or no abatement in any quarter. Along the lower lakes, also in Iowa, northern Illinois and Wisconsin, there have been a few early morning thunder storms, but the temperature has not been materially lowered except in Iowa and southern Minnesota.

The greatest intensity of the heated term centers in the Ohio valley and the northern portion of the midle Atlantic states, where last night the minimum temperatures ranged from 72 to 78 degrees, the last named being the record for Philadelphia.

The outlook for thunder storms during the next 36 hours in the upper Ohio valley and thence eastward is fairly good. With showers there will be more or less fall in temperature Thursday afternoon or night, and it also seems probable that the prevailing high temperatures will be temporarily interrupted by Friday.

The high temperature continued in Washington today, but a much lower humidity, and a stirring breeze offered considerable relief.

At 8 o'clock this mornig the temperature recorded at the weather bureau was 82 degrees, practically the same as on yesterday at the same hour. The humidity was only 58 in comparison with 76 for the same hour yesterday. The temperature is rising rapidly and probably the maximum will be from 90 to 94 degrees.

Suffer Intense in New York.

New York, July 20.—No relief but rather a promise of more heat and even greater suffering came to New York today. Even with every park in the city thrown wide open and with practically every restriction removed, hundreds of thousands have been unable to estacpe the severest suffering. Yesterday, with nearly two-score of deaths and ten times as many serious heat prostrations, officially reported, taxed the facilities of every hospital and like institutions in the city. Ambulance surgeons, drivers and horses were completely worn down by the terrible heat and the strain of incesant work, and were completely exhausted. The horses gave out earlier than the men, and comparatively early it became necessary to press police patrol wagons into service as temporary ambulances. Then the hospitals became filled to their capacity, and several were forced to announce that no more sufferers could be received.

Although many thousand tenement dwellers availed themselves of the opportunity given by the open parks to sleep in the outer air, there were many more that could not leave their homes in the parched and sweltering lower section of the city. It was from that section that the first report of deaths due to the heat came today.

Before 7 a. m. five fatalities had been reported. Two of the victims fell from windows where they had been sleeping. The others died directly from heat exhaustion. In Brooklyn a heat crazed mother plunged a carving knife into her sleeping 19-months' old child, killing it instantly. She then attempted to kill herself.

No Relief at Boston.

Boston, July 20.—Another day of intense heat was in prospect in this city today when the residents awoke after a night which had brought little relief. Scarcely a breath of air stirred during the night and the lowest point registered by the official thermometer was 78 degrees at 4 a. m. At 9 o'clock it had risen to 83. The humidity was 84 and the wind, which was from the northwest, was very light.

Philadelphia Still Sweltering.

Philadelphia, July 20—Torrid weather prevails again today in this city and vicinity. The intense heat continued through the night and at 8 o'clock this morning the thermometer registerest 85 degrees, the same figures recorded a 8 o'clock yesterday morning.

Three Deaths in Cincinnati.

Cincinnati, July 20.—Three more deaths from heat were reported early today the same number that occurred yesterday. A brisk breeze during the morning tempered the heat considerably but the suffering during the night in the crowded sections down town was intense.

Foundries and Factories Close.

New Haven, Conn., July 20.—Foundries and factories in many places in Connecticut were shut down today on account of the hote weather. The temperature in this city was 93. In Hartford it was 90 degrees.

PRESIDENT CAMPS OUT.

With Party of Youthful Companions He Enjoys Himself.

Oyster Bay, July 20.—President Roosevelt and his party of youtheful companions with whom he passed last night in camp on the shore of Long Island sound, returned to Sagamore Hill today.

Early last evening the party pitched camp at a picturesque spot on Lloyd's neck. Both supper and breakfast were prepared in camp, the president himself directing the cooking of the food. No tents were taken along, the party sleeping in the open air with tarpaulin blankets as their only protection. The young people listened to stories and experiences which the president related and the hour was late before they attempted to sleep. All were up early and after breakfast rowed back to Sagamore Hill, in the cool of the morning.

The president had a party of visitors as guests at luncheon today. The most notable among them was General Horace Porter, who has just arrived from Paris, where for eight years he served as the American ambassador to the French republic. General Porter desired to pay his respects to the president, and the president wished to discuss with the retiring ambassador some matters of personal and official interest.

Another visitor was Judge W. W. Totten, who recently was appointed United States district judge of Oregon.

PISTOL IN WOMAN'S SATCHEL.

Sensation Occurs During the Rawlings Trial at Valdosta.

Valdosta, Ga., July 20.—The finding of a loaded pistol in Mrs. J. G. Rawlings' satchel by Sheriff Passmore and the severe arraignment of the sheriff by Attorney Cooper before the court, were the features of the Rawlings murder trial here Tuesday. From the opening hour to adjournment the full capacity of the spacious building was tested.

Many ladies, the social element of Valdosta, were in attendance, notwithstanding the excessive heat when Sheriff Passmore rushed down the aisle of the court room exclaiming:

"I have found a loaded pistol in Mrs. Rawlings' satchel!"

It was a dramatic scene. Judge Mitchell was ruling upon a motion. Intense silence was prevailing when the sheriff came hurriedly in. As he ceased speaking every face was upon him and for a second the scene was one full of straining interest. The jury had just been completed and the effect of the exclamation and the showing upon that dozen men gave Attorney Cooper an opportunity to move for a dismissal of the jury and the formation of another, but Judge Mitchell overruled the motion.

Convicted of Assault.

Tampa, Fla., July 20.—After being out 24 hours, the jury trying Harry Homford for assault with intent to murder on Captain C. L. Park, rendered a verdict of guilty of aggravated assault. The sentence was deferred pending a motion for a new trial.

EDITOR FLEECES NEW YORK SOCIETY FOLKS

Realizes Approximately $200,000 Out Of the Deal.

HE I SCHARGED WITH BLACKMAIL

Publisher of "Fads and Fancies" Is In the Toils of the Law—People in High Society Paid Enormous Sums To Have Their Names In Book.

New York, July 20—The books of the Town Topics company in so far as they deal with the book on American society entitled "Fads and Fancies," which was sold by subscription, and on which the publishers realized approximately $200,000, will be examined by representatives of the district attorney's office, no matter what opposition is made to such a step.

This announcement was made with Assistant District Attorney Krotel, who is in charge of the investigation of the affair which is being made by the district attorney's office. It is absolutely a necessity for the end of justice that we make a full examination of the books of "Fads and Fancies," said Mr. Gans, "and we will do so, no matter how much we are opposed. This matter is going to be probed thoroughly, no matter who it hits or how exalted his social or other standing."

Mr. Krotel first came into the case when he was assigned to prosecute Charles H. Ahle, who was arrested on complaint of Edwin M. Post, who charged that Ahle attempted to blackmail him. Post declared that Ahle attempted to force him to subscribe $500 for a book on New York society. He alleged that Ahle told him a scandalous story involving his name that was in possession of a New York weekly paper, but that it would not be published if Mr. Post would subscribe for the books.

The sum was paid to Mr. Ahle in the presence of detectives and his arrest followed. The case is now awaiting the action of the grand jury and Mr. Krotel has announced that several persons prominent in society have announced their willingness to join with Post in the prosecution.

When Mr. Krotel examined the books of the Town Topic company yesterday he was refused permission to inspect some of the entires having to do with the book "Fads and Fancies." He learned, however, he said, that while regular subscription price for the book was $1,500, several persons paid larger sums. Among those was Mrs. Collos P. Huntington, widow of the multi-millionaire railroad promoter, who was credited with paying $10,000 for her subscription copy of the book.

Educator of Monkeys Dead.

New York, July 20.—Jacob Cook, for thirty years an attendant in Central park, whose death from heat prostration has just occurred, was one of the best trainers of monkeys in the world. The trainer's great triumphs were achieved in the education of "Mister Crowley" and "Mrs. Kitty Crowley," chimpanzees, which were world-renowned attractions and did innumerable tricks.

Chasing Negro with Hounds.

Decatur, Ala., July 20.—After a chase with bloodhounds lasting the most part of the night, an unknown negro who insulted several white women here, made good his escape. The negro was followed by dogs into a swamp six miles from town, where the trail was lost. A large crowd followed the dogs. A posse is still searching for him.

Ex-Congressman Arrested.

Iola, Kan., July 20.—E. H. Fuston, former congressman from this district and father of General Frederick Funston, was today in police court found guilty of disturbing the peace and with having carried concealed weapons. He was fined $5 on each charge and the costs of the suits were charged against him, making a total of $31.75.

THINKS PLAN MAY NOT WORK.

One of the New Trustees Suggests New Methods for Equitable.

New York, July 20.—Expressing the belief that the present trustees arrangements for control of the Equitable Life Assurance society may only vary temporarily, satisfy either the policy holders or the public, and that a real solution of the society's difficulties has not been reached, George Westinghouse has suggested a new plan for stock control of the society by 5,000 policy holders.

Mr. Westinghouse's plan is outlined in a letter to Paul D. Cravath, attorney of this city, dated June 21, and made public today.

The proposition outlined is that all shareholders be invited to place their shares with those of Mr. Ryan in the hands of the trustees with power to vote for an amendment to the society's charter providing that the stock shall consist of 5,000 shares of $20 each instead of $1,000 shares of $100 each; that no person except a policy holder shall be a director; that no one share shall be held by any single person who must be a policy holder; that each annual election, seven policy holders who have not previously served, shall be chosen, and that the trustees be directed and empowered to offer for sale at $1,000 a share, the 5,000 shares contemplated by the amended charter to the 5,000 largest policy holders and in the event of any such offer not being accepted, then to continue to offer said shares to the next largest policy holders until the whole 5,000 shares shall have been disposed of.

GOVERNMENT ENTERS SUIT.

Venezuela Is Suing the French Cable Company for Damages.

New York, July 20—The Venezuelan authorities have, according to a Herald dispatch from Caracas instituted proceedings against the French Cable company for damage incurred by the government for the cable company's alleged participation in the Matos river.

This is a different action than that decided against the company on March 31, which resulted in declaring the company's concession null and void, and assessing it in damages for failure to fulfill the terms of its contract. Cablegrams form a large part of the evidence claimed to be in possession of the authorities. According to common report they were taken from the cable office by an operator. They were first offered to the French legation for sale, but the purchase was declined, after which they were sold to General Castro.

It was the common belief hat the French minister, Charles Weiner, left Venezuela for Paris in May for the purpose of settling the matter, but nothing has come of it, and the long deferred suit began.

Jailer Ploeger Released.

Cincinnati, July 20.—Jailer Ploeger, his two deputies and the citizen arrested with them on charges of disorderly conduct and assault in connection with the commitment of Caleb Powers to the Newport, Ky., jail, were today dismissed from custody, the court holding that the attempt of Mayor Helmboldt to designate where the federal prisoner should be incarcerated was illegal and that Ploeger and his assistants were justified in resisting the mayor and the policemen whom he called to his assistance. Mayor Helmboldt and two policemen are now under bond to the federal grand jury for interfering with federal officers and a federal prisoner and a contempt charge in the same conection must be answered.

Russians Shell Jap Boats.

Tokio, July 19.—Noon.—Vice Admiral Kamimura reports that his flotilla of torpedo boat destroyers was shelled by the Russians at Yukiwan, the attacking force numbering about 200. The flotilla replied and silenced the Russians, after which cavalry was discovered retiring and was shelled. The flotilla also discovered a Russian patrol at Sunchin and turned its fire upon them. The cruiser Chitaya shelled the Russian guard and signal men posted on the hill north of Sunchin in the western extremity of Lushun.

SIX MEN KILLED BY DYNAMITE EXPLOSION

Lightning Strikes Magazine Filled With Explosives.

TWENTY MORE WERE INJURED

The Men Had Gone Into the House to Secure Their Daily Supply of Dynamite—Explosion Was Terrific—List of the Dead.

Des Moines, Iowa, July 20.—An explosion is reported to have taken place this morning at the West Riverside coal mine, two miles west of the city. Five or six miners are said to have been killed.

A telephone message from the mine states that lightning struck the powder house shortly after 6 o'clock. The powder house contained a considerable quantity of dynamite and the explosion which followed was terrific. Other than the six men reported dead, it is stated, the wounded may number 20.

The names of those reported killed are:

Charles Brown, engineer, leaves a wife and daughter.

Luke Miller, sinker, bachelor.

Harry Belknap, sinker, bachelor.

Dell Vance, sinker, leaves a wife and four children.

George Arrowood, pumpman, leaves a wife and four children.

Heads, arms and legs were scattered around for a distance of 500 feet.

The dead men had gone into the powder house to secure their daily supply of dynamite to be used in the mines. They had not been in the shed but a moment when the structure was struck by lightning, igniting the entire supply of dynamite and blowing the building and men into pieces.

Not a piece of wood larger than a foot in length remains of the building.

AWFUL DEED OF CRAZY MAN.

Kills His Employer and Wounds One of His Fellow Clerks.

Pensacola, Fla., July 20.—Crazed with drink and the thought that he was to be discharged, William F. Williams, a salesman in the clothing store of John White, on Tuesday afternoon walked up to the office where Mr. White was sitting reading and shot him dead. He turned his revolver upon another salesman, Ed Dansby, and inflicted a mortal wound in the back, then fired upon James White, the manager and son of the proprietor, the bullet passing through the lungs and causing a wound from which it is expected that he will die before morning. Another clerk was fired upon, but the bullet went wild of the mark. All during the day Williams seemed nervous and late in the afternoon he began to imbibe to such an extent that it was noticed about the store and some remark was made by the proprietor.

This infuriated Williams, it seems, and without a word he walked to his coat, took therefrom a new revolver, and walking close up to Mr. White fired, the bullet striking him near the right ear and passing out on the left side. White never moved, the paper he was reading dropped from his grasp.

Cuba Will Extradite Cashier.

Havana, July 20.—Alfred [illegible] said to be the former cashier of the Mapleton, Minn., state bank, was today arrested at the isle of Pines under the name of W. J. McGregor on the charge of defalcation and will be brought to Havana for extradition to the United States. According to a mercantile reference book, E. A. McGregor is the cashier of the state bank of Mapleton, Minn.

Railroad Ticket Agent Killed

Rome, Ga., July 20.—George Wright, city passenger and ticket agent here for the Southern, was killed today by Vinor T. Sanford. The weapon used was a shotgun. Sanford will not talk but asks that public sentiment be withheld until the facts are learned. Wright was about 28 years old and a universally popular young man.

TICKLE THE TROUT.

Do It Cleverly, and You Can Gather Them In Easily.

I once spent my vacation in the little village of Schoenwald, in the Black Forest. One day the son of the proprietor of the inn at which I was staying said that he was going out to catch some trout and asked me if I would accompany him. He was in his bare feet, his trousers rolled up, and he had a small, very much elongated keg slung by a strap over his shoulder instead of a creel.

The keg had a square opening on the top side, and he said that he would show me how to catch trout without tackle. We went down to a small brook running through a meadow near the house. He partly filled the keg with water, then, wading a few yards up stream, stooped down and carefully felt under the long grass which hung over the bank. After a while he lifted a nice brook trout out of the water and put it into the keg and then walking a little further repeated the operation and took in all some twenty trout out of the brook.

He told me that he caught the fish by feeling carefully around under the grass at the edge of the bank, and when he felt one he tickled and stroked it until by a quick movement he could insert his thumb and forefinger into the fish's gills and then lift it out of the water. I went with him and saw him catch fish in this way several times.—New York Times.

THE CHEEK BONE.

It Is Said to Be the Most Sensitive Part of Our Anatomy.

"What is the most sensitive part of our anatomy?" asked an ivory carver.

"The tip of the tongue," said one.

"The finger tips," said another.

"Wrong; both wrong. It is the small patch of skin over the cheek bone that is our most sensitive part," said the ivory carver, "and in smoothing ivory we always test our work on that patch of skin."

He took up a large ball on which he had been working.

"Here," he said. "Try this. Is it smooth?"

The two visitors tossed the ball in the air and declared it to be smoother than satin or cream.

"Now," said the carver, "test it with your finger tips and your tongue."

These tests were made, and the verdict was given, "still smooth."

"Now test it with your cheek bone."

The visitors in turn rubbed the ivory ball delicately over their cheek bones and uttered exclamations of amazement.

"By Jove, it feels rough!" they said. "The cheek bone must be sensitive."

"Sensitive?" echoed the ivory cutter. "Why, the cheek bone is the only part of us that can lay claim to any sensitiveness at all."—Philadelphia Bulletin.

CHEWING THE HOP.

It First Causes Exhilaration and Then Drowsiness.

"Where hops are raised hop chewers exist," said a farmer. "The habit of hop chewing produces first a pleasant exhilaration and afterward a delicious drowsiness. It is impossible to get drunk on hops, no matter how many you chew.

"In hop growing countries the pickers are forbidden to chew the hops. The pickers, indeed, working piecework, are sensible enough not to chew them, for the drowsiness and jollity that hops bring on make fast picking impossible.

"I have been told that there are tramps who know various herbs that, being chewed, cause drunkenness. I have no doubt this is correct. I have myself seen tramps drink alcohol out of alcohol stoves, kerosene out of oil cans and gasoline out of street lamps. Even cologne, were it not so hard to get, would be eagerly consumed by the tramp, for cologne will produce intoxication.

"If the same foolish conceit and jollity and afterward the same stupor and the same horrible sickness are caused by cologne or gasoline as by whisky, what is the difference which of them we drink?"—Exchange.

Theft of the Gainsborough Picture.

Adam Worth was one of the few men who ever eluded the Pinkertons. Worth stole millions on both sides of the Atlantic, eluded the police for years and died in poverty in London. One of his famous exploits was the stealing of the famous picture of the Duchess of Devonshire, by Gainsborough, valued at $50,000. He carried the picture in a false bottom of a trunk for years and finally gave it up after some negotiations with the owners.—Leslie's Monthly.

Good Luck.

Elsie—Mamma's so disappointed. Her cake didn't turn out as well as she expected. Tommy—Oh, good luck! Then we can have as much of it as we want.

The absent are like children—helpless to defend themselves.—Bovée.

THE TARANTULA KILLER.

A Giant Wasp That Is the Powerful Spider's Mortal Foe.

The tarantula killer has a bright blue body nearly two inches long and wings of a golden hue. As it flies here and there in the sunlight, glittering like a flash of fire, one moment resting on a leaf, the next on a granite bowlder, it keeps up an incessant buzzing, which is caused by the vibration of its wings. No sooner does the tarantula hear this than he trembles with fear, for well he knows the fate in store for him when once his mortal foe perceives his whereabouts. This it soon does and hastens to the attack.

At first it is content with flying in circles over its intended victim. Gradually it approaches nearer and nearer. At last, when it is within a few inches, the tarantula rises upon his hind legs and attempts to grapple with his foe, but without success. Like a flash the giant wasp is on its back. The deadly fangs have been avoided. The next instant a fearful sting penetrates deep into the spider's body. Its struggles almost cease. A sudden paralysis creeps over it, and it staggers, helpless, like a drunken man, first to one side, then to the other.

These symptoms, however, are only of short duration. While they last the wasp, but a few inches away, awaits the result. Nor does it have to wait long. A few seconds and all sign of life has disappeared from the tarantula. The once powerful legs curl up beneath the body, and it rolls over dead.—Chambers' Journal.

THE MILK OF THE AGED.

Honey In the Olden Days Was Thought to Prolong Life.

Honey has been known from the earliest times. The Scriptures make mention of it, and pagan writers celebrated its virtues. It was called "the milk of the aged" and was thought to prolong life. Honey was also used in the embalming of the body after death.

This food, as useful as it is delicious, was esteemed most highly by the Greeks, who celebrated its virtues alike in prose and verse, so that the fame of Attic honey has been transmitted unimpaired to our own day. Used in all kinds of pastry, cake and ragouts, it was also esteemed as a sauce. Pythagoras in the latter part of his life was a vegetarian and lived wholly on bread and honey, a diet which he recommended to his disciples. And this gentle philosopher reached the ripe age of ninety years before he departed from life.

The true source from which honey is derived was only discovered in later years. Virgil supposed that its delicious sweetness fell from heaven upon flowers in the shape of gentle, invisible dew, a belief which he shared with Pliny and even Galen. It was left to modern observers to study with enthusiasm plant life and bee life and learn from them some of the most wonderful lessons of nature.

Honey was often served by the ancients at the beginning of a banquet in order that the uncloyed palate might enjoy to the full its exquisite flavor.

The Monkey and the Looking Glass.

A monkey in a wood somehow got a looking glass and went about showing it to the animals around him. The bear looked into it and said he was very sorry he had such an ugly face; the wolf said he would fain have the face of the stag, with its beautiful horns. So every beast felt sad that it had not the face of some other in the wood. The monkey then took it to an owl that had witnessed the whole scene. "No," said the owl, "I would not look into it, for I am sure in this case, as in many others, knowledge is but a source of pain." "You are quite right," said the beasts and broke the glass to pieces, exclaiming, "Ignorance is bliss!"

Guilty or Not Guilty.

A war veteran in the customs service told this: In 1864 some one stole horse blankets from the troops stationed at Fort Wadsworth and sold them to an Irishman who lived in the vicinity. When they were traced and he was arrested the judge said, "Why did you steal these blankets?" "Oi daidn't steal 'em, yer honor; they belongs to me," was the reply. "But," continued the judge, "they are branded 'U. S.,' which means 'United States.'" "No, sorr, yer honor, they be my name, because 'U' stands for Michael an' 'S' for McCarthy."

They Commenced.

An Irishman on being made foreman of a gang of laborers wished to show his authority to those under him on the first morning of his promotion.

"Now, look here, boys," said he, "when I say 'Commince' you have all to commince, and them that don't commince when I say commince won't commince. So commince."—London Standard.

MONDAY AS WASH DAY.

It May Be a Legacy to Us From the Mayflower Pilgrims.

Did you wonder how it came about that in our country all families think they must do their washing on Monday?

The Mayflower drifted into Massachusetts bay and lay at anchor outside in a little sheltered cove. The fathers had gone ashore to see if there was a place suitable for landing. The morning was Monday, and it seemed that the old fashioned desire to tidy up came over the hearts of the good housekeeping women of the little band.

The women were rowed to shore, and in the cold, salty water of the bay this Monday in November, 1620, the first ladies in America washed and scrubbed in the good English fashion too. Fires were built, water heated and clothes spread out on the trees and snow. When all was finished to the satisfaction of the women they sighed with pleasure and said, "Cleanliness is akin to godliness."

Do you know this is history? Yes, it is, though not as dry as history sometimes is. Anything is history that shows the spirit of the times, and this wash day in America showed the spirit of the first arrivals.—Boston Globe.

Baseball Players and Foot Racers!

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1. Sold by W. M Johnson.

BELL'S CHILD LABOR BILL.

Committee Reports Favorable—Hot Discussion of Anti-Pass Bill.

Atlanta, July 20.—By an overwhelming mapority the house committee on labor and labor statistics voted favorably on the child labor bill of Madison Bell, of Fulton, at the meeting of the committee yesterday afternoon.

The vote stood 17 to 6 in favor of the bill.

When the vote was announced by Secretary Butts, Judge Longley stated that a minority report would be submitted to the house at the same time Chairman Bell submitted his report.

The warmest fight of the session is on in the house. The Hall anti-free pass bill is the measure over which the wrangle has begun, and the members are lined up in strong array on either side of the proposition.

The opposiion to the bill at once developed a decided inclination to filibustering, and it succeeded, at least, in preventing the measure from coming to a vote. Several dilatory motions were made and finally the house adjourned in the midst of the discussion of a motion of Mr. Calvin, of Richmond, to indefiinitely postpone the measure, the adoption of which would have killed it.

The judges' salary deficit bill, by Mr. Bowden, of Monroe, was taken up for a third reading in the house yesterday.

This measure provides for the appropriation of a sufficient amount, estimated at $20,000, to pay the increase in the salaries of the judges of the supreme and superior courts, for which no appropriation was made at the time the increase.

August 10 is the date by which the new county committees may be called upon to make their final report to the house and senate. Mr. Kelly, of Glascock, introduced a resolution calling upon the committee on new counties to report not later than August 10 in order that action may be taken on the establishment of new counties before the end of the present session.

Senator Walter Steed, of the twenty-third district, will introduce a bill in the senate Wednesday providing for a biennial session of 75 days.

This bill is supplementary to the measure of Representative Lumpkin of Stewart. The latter calls for an amendment, while Senator Steed's measure calls for a change in the constitution, substituting the word biennial for annual.

Indigestion,

With its companions, heartburn flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by W. M. Johnson.

German Baron Found Dead.

New York, July 19.—Baron Ende, brother of Baron Krupp's widow, has been found dead on his estate in the province of Cordo, says a Buenos Ayres dispatch. The baron had been killed by two shots and according to the authorities inflicted them himself However, there is a suspicion of foul play.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation as it stimulates the liver and restores the natural action of the bowels without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

OFFICERS SAVE ALABAMA NEGRO

Governor Ordered Out Militia But the Prisoner Was Spirited Away.

Selma, Ala., July 20.—The Dallas Dragoons, the cavalry company, returned this morning from Linden, Marengo county, where they were ordered last night by the governor.

It seems that Mr. Taylor, a citizen of Linden, had Tuesday telegraphed to Governor Jelks at Blount Springs, that a mob had been formed in Demopolis, and were on their way to Linden to mob the negro, Robert Richardson, who was confined in the jail at that place and had been sentenced to be hanged for the murder of Dr. Fosque, a prominent citizen of Demopolis.

When the military reached the scene they found that the negro had been taken from the jail and sent to Selma over the Southern road by a different route taken by the militia.

The reported mob did not show up and the town was as quiet as a grave yard when the train pulled in.

The Diamond Cure.

The latest news from Paris is that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee of Vanleer, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequalled quick cure for throat and lung troubles. At all drug stores; price 50c and $1, guaranteed. Trial bottle free.

Price of Steel Plates Unchanged.

New York, July 20.—The leading manufacturers of steel plates and shapes have agreed to, at a protracted conference here to make no change in prices. For some time past there has been more or less talk in the trade of an advance in the price of both structural steel and steel plates on account of the prevailing activity. Some of those interested at the conference are understood to have been in favor of raising prices but the proposition was voted down. The more conservative interests are guaranteed that an advance in structural steel and steel platse at this juncture would do more harm than good and they claim it would check the present active demand for these lines.

The Boss Worm Medicine.

H. P. Kumpe, druggist, Leighton, Ala., writes:, "One of my customers had a child which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 119 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. Sold by W. M. Johnson.

Judge Upholds Fraud Order.

St. Louis, July 20—Judge Smith McPherson, in the circuit court handed down a decision today upholding the fraud order issued by postmaster General Cortelyou against the People's United States bank and E. G. Lewis, the president, denying the application for an injunction to restrain the postmaster in St. Louis from carrying out the instructions of the postmaster general. Postmaster Wyman will now resume stamping "fraudulent" on mail addressed to the bank and to Lewis, and will return it to the senders.

Received Stolen Ore.

Cripple Creek, Colo., July 20.—Six assayers of this district have been displaced and have made bond on a charge of receiving high grade ore and of knowing it to have been stolen. From a set of books examined, one assaying office it is known that about $30,000 profit of the assayers for the last six months. The books lead the officers to believe that upward of one million dollars' worth of ore has been stolen from the district every year and disposed of to assay offices.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

Transpiring in "The Land of Flowers."

Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Tibbals will have a $10,000 hotel, to be built by the Walton Inn Company.

Hon. John Sewell, Miami's present mayor, is in the field for re-election. He is popular.

St. Lucie county's board of commissioners has retained Senator F. M. Hudson as counsel.

A special term of the St. Johns county circuit court will be held at St. Augustine August 8th.

Enstis, Lake county, has issued a booklet advertising that section. Ink spots are what count.

Live Oak, Lake City and Jacksonville are to be connected by the Southern Bell Telephone Company.

The stock of the Welles-Kahn Grocery Company of Pensacola was damaged about $15,000 worth at Saturday's fire.

Henry Bomford, for attempting to shoot Capt. Parks of Tampa, was found guilty of aggravated assault. The punishment is one year's imprisonment.

Live Oak is bound to be at the front and that city will soon have a trolley line to Suwannee Springs, adding much to the enjoyment and comfort of its people.

Willie Harrison, a member of the notorious Thomasville gang of housebreakers, was arrested recently at Sulphur Springs. Three of the outfit are now in limbo.

By a vote of 523 to 128 the people of St. Augustine expressed their approval of the Ormond ordinance, which provides for a street railway and electric lighting plant for that city.

Henry Grice of Tallahassee has been a great annoyance to the people who own henneries in that town, until Deputy Sheriff Poppell caught him at his fowl business. Henry is now in the coop.

President Blackman of Rollins College, Winter Park, has received an offer of a $20,000 library for the college from Andrew Carnegie. The condition is that a like sum in addition be provided as its endowment fund. Rollins has raised a quarter of a million within two years.

When business in police circles is dull in Tampa, the officers put in the time among themselves. Monday afternoon the chief of police, a detective and a railroad officer got into a row and Chief Jones, who got the worst of the fight, was fined $10 in court the next day. The others were discharged.

William F. Williams, a salesman in the clothing store of John White, Pensacola, crazed with drink and the thought that he was to be discharged, shot his employer in the head, killing him instantly. He then shot a salesman in the back and then fired upon James White, manager and son of the proprietor. When arrested Williams claimed that some one in the store was trying to do him an injury. White was one of the oldest business men in the city.

THE UNIVERSITY NORMAL.

Second Week Opened With Flattering Success—New Students.

The University Normal and Training School entered upon its second week's work with quite a large increase of students. The classes have been organized in all the departments so as to give teachers and students desiring to enter upon university work this fall an opportunity to review the studies they are most deficient in. This fact is becoming patent throughout the State, as the attendance for the past few days represents eleven different counties. The number of counties represented since the opening are as follows: Alachua, Levy, Bradford, Dade, Duval, Columbia, Hamilton, Jackson, Marion, Brevard, Pasco, Leon, Santa Rosa, Putnam, Volusia.

Mrs. Ella LaF. Hamilton, who is now reviewing primary work in one of the best institutions in the country, will assume charge of the Primary Department work in the Normal, Monday. This will be a golden opportunity to teachers who desire to make this work a specialty. Already a number of inquiries have been received relative to this department.

Judging from the grade of the teachers who have enrolled in the Normal it is safe to say that in a few years this school will be classed among the leading summer university normals of the South. The teachers in charge of the several departments are specialists in their respective branches.

Among the recent arrivals we note the following:

Misses Donia Ford, Melrose; Miss Horiense Broward, Jacksonville; Miss Annie Jenkins, Clyatt; Miss Edna Johns, White Springs; Miss Jettie Futch, Haynesworth; Miss Nora A. Knoblock, Martin; Miss Stella Mims, Bonaventure; Miss Fannie Miselle, Melrose; Miss Lillian Norton, West Palm Beach; Miss Ruby Parnell, Lake City; Miss Dollie Semmes, Dade City; Miss Rossie Sauls, Tallahassee; Miss Christopher, Jacksonville; Mr. Jas. Fellows, Cottondale; Mr. Jas. E. Osteen, Willeford.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. J. W. McCollum & Co.

AERONAUT FALLS 3,000 FEET.

His Machine Failed to Work and He Is Dashed to Death.

San Jose, Cal., July 20.—Daniel Maloney, who had made numerous successful ascensions with Professor Montgomery's aeroplane, fell 3,000 feet to his death at Santa Clara. About 2,000 persons watched with interest the machine as it shot upward from the college garden, attached to a huge balloon.

At aheight of four thousand feet Maloney cut loose and began maneuvering with the aeroplane. He sailed gracefully about, then essayed a deep dip. Suddenly the machine swerved, hesitated and then turned completely over. It righted itself, sank down a considerable distance and turned over again. Maloney was clinging desperately to his seat and evidently endeavoring to regain his control, but all his efforts were in vain. Again the aeroplane turned in the air, the wings came together and the man and the machine plunged straight downward, while the horrified spectators gazed helplessly.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

News from Manchuria.

Headquarters of the Russian Army, Godzyadani, Manchuria, July 20.—In conversation with a correspondent of the Associated Press regarding the present military situation, General Batjanoff, commander of the third Manchurian army today adopted a most optimistic tone. He declared the Japanese were unable to advance both on account of the strengthening of the Russian positions and because they have not fully recovered from their own losses but the battle of Mukden. He concludes: "Never during the whole war has the Russian army been so strong in every respect as at present. The Japanese know this, and therefore they wish for peace."

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at all druggists; price 50c.

COMMENDS HIM.

Col. L. E. Roberson of Lake City, in the last issue of The Florida Christian Advocate, pays the following compliment to Dr. J. F. McKinstry, Jr., anent his advocacy of Gainesville as the seat for the University:

I wish to say just here, that of Dr. J. F. McKinstry, who was one of Gainesville's chief spokesmen, so far as her own citizens were concerned, I have no words but of commendation, for my information is that he performed the work assigned him in a high-toned, manly and dignified manner and that he did not indulge in any criticism of anyone, but undertook to justly and fairly set forth the claims of his own people.

Had anyone claimed otherwise than as stated by Col. Roberson nobody in Gainesville would have treated it otherwise than as a pure fabrication. "Dr. Jim" has always been fair in dealing with opponents, as can be vouched for by numerous persons all over Florida with whom he has measured swords in debate. He is always listened to with marked attention, by opponents as well as friends, and the latter are glad to note that he sustained his reputation for fairness during the heated debate on the University issue.

"Are the colored races doomed?" is the question by Max Nardau. What color, yellow, black or red? The yellow folks seem to be getting along very nicely with the Czar's forces, and appear to be a long way from their doom. The Reds are now in fifth place, are playing good ball and shut out the leaders the other day. A few of them are "signed" for tobacco stores. The blacks—we will let some of our Northern friends speak for them. But guess they're not doomed.

The average newspaper charges 10 cents a line for space in its columns, so that an inch space amounts to one dollar. Each day, or each week, the local paper gives from ten to thirty inches of space to promoting the welfare of its own city. Does any other business man give that much of his wares each week to help his city?

D. E. Thompson, who for the past six years has been the manager of The St. Augustine Record, has retired and will devote his energies to other business in the Ancient City. Mr. Thompson has been a very capable newspaper man and his friends of the State press wish him success in whatever he may engage.

The heat in the North has set the people up there to thinking. In New York it has been lurid and in the summer resorts the only place for safety from sunstroke is in the water, in the shade of an oak tree. The highest temperature on Tuesday was 96 in the shade.

The Stockman, published at DeFuniak Springs, should be read by every Florida farmer. It is a Florida paper and published in the interest of Florida farmers and stock growers.

There is considerable trouble anticipated by the peace commission in maintaining Russia's position, owing to the fact that the Japs are compelling them to skift an often.

THE TAMPA FAIR.

While many papers object to being filled up with machine made puffs for the Mid Winter Fair at Tampa, or any other place, free of charge, local pride in our State makes every enterprising publisher speak well of the exhibition. There is not a paper in the State but what is doing its best to promote every legitimate method toward advancement. We want to see the fair a success and credit to the State. It will help every section of Florida and every county should have an exhibit.

The main exhibit building will be the largest ever seen at a Southern State fair. It will be 910 feet in length and 95 feet wide. There will be in all 72 exhibit spaces, 37x40 feet, which space will accommodate any county exhibit, and many will be divided for smaller exhibits. The center aisle will be 21 feet wide, with 19 cross aisles 10 feet wide, all of which will have outer entrances. The building will be 20 feet high at the eaves and forty feet high in the middle. A gallery 300 feet in length will be erected in the middle and furnished with easy chairs and lounges for visitors to rest upon, especially ladies and children.

There will be room for all to display their products and every industry in the State should be represented. The manufacturers of the State should also be there and thus show what we have in Florida and what we can do here.

The object of the fair is to show to the people who attend the exhibition the capabilities of our State. The men who engage in this laudable undertaking with their time and money expect to come out gainers, and if the show is a success in point of attendance, will surely do so.

Tampa will entertain many people during the time. The hotels, boarding houses and nearly every place of business will have an increased trade, hence the fair must be a winner financially or no one would undertake to continue it a second year.

A SINGLE PAPER COST $50.

The Tampa Morning Tribune has been annoyed for some time with a number of newspaper thieves who would steal that paper when left at the front door of subscribers, and on Sunday morning Henry Williams was caught in the act of pilfering a copy left at the home of the mayor. He was arrested and on Monday Justice Whitaker fined him $50.

The Sun has been having considerable trouble with a number of such thieves in Gainesville, and they will learn by reading the foregoing the chances they are taking by continuing the practice, for if one of them is caught he will be made an example of to try and put a check to the business.

HAS NOT RETURNED.

General Sherman said: "If I owned a farm in hell and a farm in Texas, I'd sell the one in Texas and live in hell." Now comes a Texas philosopher who rejoins: "Well, I guess the General has found out his mistake by this time."—Ex.

But we haven't heard of his returning to Texas.

While we are having laws enacted to stop the killing of all kinds of game, wouldn't it be a good idea to see if we couldn't pass a few to protect the people?

The cabinet of President Roosevelt has at last taken Root, and with favorable conditions there is a chance for great developments.

It is pretty hard lines to put in over forty years as a member of the "art preservative," and then be called "The Village Blacksmith."

A fine auto road from Orlando to the coast will soon be ready for the people of that section.

Catarrh Cannot be Cured

With local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free. F. J. CHENEY & Co., Props., Toledo, Ohio.

THE INDIAN'S GAIT.

It Gives Him Perfect Balance, With Great Economy of Force.

A woodsman walks with a rolling motion, his hips swaying an inch or more to the stepping side, and his pace is correspondingly long. This hip action may be noticed to an exaggerated degree in the stride of a professional pedestrian, but the latter walks with a heel and toe step, whereas an Indian's or sailor's step is more nearly flat footed. In the latter case the center of gravity is covered by the whole foot. The poise is as secure as that of a ropewalker. The toes are pointed straight forward or even a trifle inward, so that the inside of the heel, the outside of the ball of the foot and the smaller toes all do their share of work and assist in balancing. Walking in the woods in this manner one is not so likely either to trip over projecting roots, stones and other traps as he would be if the feet formed hooks by pointing outward. The advantage is obvious in snowshoeing. If the Indian were turned to stone while in the act of stepping the statue would probably stand balanced on one foot. This gait gives the limbs great control over his movements. He is always poised. If a stick cracks under him it is because of his weight and not by reason of the impact. He goes silently on and with great economy of force. His steady balance enables him to put his moving foot down as gently as you would lay an egg on the table.—Field and Stream.

Told Who He Was.

Dr. Beadon, a former rector in Eltham, Kent, England, one Sunday preached from the text "Who art thou?" After reading it he made a pause for the congregation to reflect upon the words, when a man in military dress who at that instant was marching very sedately up the middle aisle of the church, supposing it a question addressed to him, replied, "I am, sir, an officer of the Sixteenth regiment of foot on a recruiting party here, and, having brought my wife and family with me, I am come to church because I wished to be acquainted with the neighboring clergy and gentry." This so deranged the divine and astonished the congregation that the sermon was concluded with considerable difficulty.

BAD BLOOD

"I had trouble with my bowels which made my blood impure. My face was covered with pimples which no external remedy could remove. I tried your Cascarets and great was my joy when the pimples disappeared after a month's steady use. I have recommended them to all my friends and quite a few have found relief."

HERBINE
The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by TORPID LIVER and IMPURE BLOOD. Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. HERBINE is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

Tibbals will have a $10,000 hotel, to be built by the Walton Inn Company.

Hon. John Sewell, Miami's present mayor, is in the field for re-election. He is popular.

St. Lucie county's board of commissioners has retained Senator F. M. Hudson as counsel.

A special term of the St. Johns county circuit court will be held at St. Augustine August 8th.

Eustis, Lake county, has issued a booklet advertising that section. Ink spots are what count.

Live Oak, Lake City and Jacksonville are to be connected by the Southern Bell Telephone Company.

The stock of the Welles-Kahn Grocery Company of Pensacola was damaged about $15,000 worth at Saturday's fire.

Henry Bomford, for attempting to shoot Capt. Parks of Tampa, was found guilty of aggravated assault. The punishment is one year's imprisonment.

Live Oak is bound to be at the front and that city will soon have a trolley line to Suwannee Springs, adding much to the enjoyment and comfort of its people.

Willie Harrison, a member of the notorious Thomasville gang of housebreakers, was arrested recently at Sulphur Springs. Three of the outfit are now in limbo.

By a vote of 528 to 128 the people of St. Augustine expressed their approval of the Ormond ordinance, which provides for a street railway and electric lighting plant for that city.

Henry Grice of Tallahassee has been a great annoyance to the people who own henneries in that town, until Deputy Sheriff Poppell caught him at his fowl business. Henry is now in the coop.

President Blackman of Rollins College, Winter Park, has received an offer of a $20,000 library for the college from Andrew Carnegie. The condition is that a like sum in addition be provided as its endowment fund. Rollins has raised a quarter of a million within two years.

When business in police circles is dull in Tampa, the officers put in the time among themselves. Monday afternoon the chief of police, a detective and a railroad officer got into a row and Chief Jones, who got the worst of the fight, was fined $10 in court the next day. The others were discharged.

William F. Williams, a salesman in the clothing store of John White, Pensacola, crazed with drink and the thought that he was to be discharged, shot his employer in the head, killing him instantly. He then shot a salesman in the back and then fired upon James White, manager and son of the proprietor. When arrested Williams claimed that some one in the store was trying to do him an injury. White was one of the oldest business men in the city.

THE UNIVERSITY NORMAL.

Second Week Opened With Flattering Success—New Students.

The University Normal and Training School entered upon its second week's work with quite a large increase of students. The classes have been organized in all the departments so as to give teachers and students desiring to enter upon university work this fall an opportunity to review the studies they are most deficient in. This fact is becoming patent throughout the State, as the attendance for the past few days represents eleven different counties. The number of counties represented since the opening are as follows: Alachua, Levy, Bradford, Dade, Duval, Columbia, Hamilton, Jackson, Marion, Brevard, Pasco, Leon, Santa Rosa, Putnam, Volusia.

Mrs. Ella LaF. Hamilton, who is now reviewing primary work in one of the best institutions in the country, will assume charge of the Primary Department work in the Normal, Monday. This will be a golden opportunity to teachers who desire to make this work a specialty. Already a number of inquiries have been received relative to this department.

Judging from the grade of the teachers who have enrolled in the Normal it is safe to say that in a few years this school will be classed among the leading summer university normals of the South. The teachers in charge of the several departments are specialists in their respective branches.

Among the recent arrivals we note the following:

Misses Donia Ford, Melrose; Miss Horiense Broward, Jacksonville; Miss Annie Jenkins, Clyatt; Miss Edna Johns, White Springs; Miss Jettie Futch, Haynesworth; Miss Nora A. Knoblock, Martin; Miss Stella Mims, Bonaventure; Miss Fannie Miselle, Melrose; Miss Lillian Norton, West Palm Beach; Miss Ruby Parnell, Lake City; Miss Dollie Semmes, Dade City; Miss Rossie Sauls, Tallahassee; Miss Christopher, Jacksonville; Mr. Jas. Fellows, Cottondale; Mr. Jas. E. Osteen, Willeford.

AERONAUT FALLS 3,000 FEET.

His Machine Failed to Work and He Is Dashed to Death.

San Jose, Cal., July 20.—Daniel Maloney, who had made numerous successful ascensions with Professor Montgomery's aeroplane, fell 3,000 feet to his death at Santa Clara. About 2,000 persons watched with interest the machine as it shot upward from the college garden, attached to a huge balloon.

At aheight of four thousand feet Maloney cut loose and began maneuvering with the aeroplane. He sailed gracefully about, then essayed a deep dip. Suddenly the machine swerved, hesitated and then turned completely over. It righted itself, sank down a considerable distance and turned over again. Maloney was clinging desperately to his seat and evidently endeavoring to regain his control, but all his efforts were in vain. Again the aeroplane turned in the air, the wings came together and the man and the machine plunged straight downward, while the horrified spectators gazed helplessly.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

News from Manchuria.

Headquarters of the Russian Army, Godzyadani, Manchuria, July 20.—In conversation with a correspondent of the Associated Press regarding the present military situation, General Batjanoff, commander of the third Manchurian army today adopted a most optimistic tone. He declared the Japanese were unable to advance both on account of the strengthening of the Russian positions and because they have not fully recovered from their own losses but the battle of Mukden. He concludes: "Never during the whole war has the Russian army been so strong in every respect as at present. The Japanese know this, and therefore they wish for peace."

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at all druggists; price 50c.

COMMENDS HIM.

Col. L. E. Roberson of Lake City, in the last issue of The Florida Christian Advocate, pays the following compliment to Dr. J. F. McKinstry, Jr., anent his advocacy of Gainesville as the seat for the University:

I wish to say just here, that of Dr. J. F. McKinstry, who was one of Gainesville's chief spokesmen, so far as her own citizens were concerned, I have no words but of commendation, for my information is that he performed the work assigned him in a high-toned, manly and dignified manner and that he did not indulge in any criticism of anyone, but undertook to justly and fairly set forth the claims of his own people.

Had anyone claimed otherwise than as stated by Col. Roberson nobody in Gainesville would have treated it otherwise than as a pure fabrication. "Dr. Jim" has always been fair in dealing with opponents, as can be vouched for by numerous persons all over Florida with whom he has measured swords in debate. He is always listened to with marked attention, by opponents as well as friends, and the latter are glad to note that he sustained his reputation for fairness during the heated debate on the University issue.

"Are the colored races doomed?" is the question by Max Nardau. What color, yellow, black or red? The yellow folks seem to be getting along very nicely with the Czar's forces, and appear to be a long way from their doom. The Reds are now in fifth place, are playing good ball and shut out the leaders the other day. A few of them are "signed" for tobacco stores. The blacks—we will let some of our Northern friends speak for them. But guess they're not doomed.

The average newspaper charges 10 cents a line for space in its columns, so that an inch space amounts to one dollar. Each day, or each week, the local paper gives from ten to thirty inches of space to promoting the welfare of its own city. Does any other business man give that much of his wares each week to help his city?

D. E. Thompson, who for the past six years has been the manager of The St. Augustine Record, has retired and will devote his energies to other business in the Ancient City. Mr. Thompson has been a very capable newspaper man and his friends of the State press wish him success in whatever he may engage.

The heat in the North has set the people up there to thinking. In New York it has been lurid and in the summer resorts the only place for safety from sunstroke is in the water, in the shade of an oak tree. The highest temperature on Tuesday was 96 in the shade.

The Stockman, published at DeFuniak Springs, should be read by every Florida farmer. It is a Florida paper and published in the interest of Florida farmers and stock growers.

There is considerable trouble anticipated by the peace commission in maintaining Russia's position, owing to the fact that the Japs are compelling them to shift ground often.

THE TAMPA FAIR.

While many papers object to being filled up with machine-made puffs for the Mid-Winter Fair at Tampa, or any other place, free of charge, local pride in our State makes every enterprising publisher speak well of the exhibition. There is not a paper in the State but what is doing its best to promote every legitimate method toward advancement. We want to see the fair a success and credit to the State. It will help every section of Florida and every county should have an exhibit.

The main exhibit building will be the largest ever seen at a Southern State fair. It will be 910 feet in length and 95 feet wide. There will be in all 72 exhibit spaces, 37x40 feet, which space will accommodate any county exhibit, and many will be divided for smaller exhibits. The center aisle will be 21 feet wide, with 19 cross aisles 10 feet wide, all of which will have outer entrances. The building will be 20 feet high at the eaves and forty feet high in the middle. A gallery 300 feet in length will be erected in the middle and furnished with easy chairs and lounges for visitors to rest upon, especially ladies and children.

There will be room for all to display their products and every industry in the State should be represented. The manufacturers of the State should also be there and thus show what we have in Florida and what we can do here.

The object of the fair is to show to the people who attend the exhibition the capabilities of our State. The men who engage in this laudable undertaking with their time and money expect to come out gainers, and if the show is a success in point of attendance, will surely do so.

Tampa will entertain many people during the time. The hotels, boarding houses and nearly every place of business will have an increased trade, hence the fair must be a winner financially or no one would undertake to continue it a second year.

A SINGLE PAPER COST $50.

The Tampa Morning Tribune has been annoyed for some time with a number of newspaper thieves who would steal that paper when left at the front door of subscribers, and on Sunday morning Henry Williams was caught in the act of pilfering a copy left at the home of the mayor. He was arrested and on Monday Justice Whitaker fined him $50.

The Sun has been having considerable trouble with a number of such thieves in Gainesville, and they will learn by reading the foregoing the chances they are taking by continuing the practice, for if one of them is caught he will be made an example of to try and put a check to the business.

HAS NOT RETURNED.

General Sherman said: "If I owned a farm in hell and a farm in Texas, I'd sell the one in Texas and live in hell." Now comes a Texas philosopher who rejoins: "Well, I guess the General has found out his mistake by this time."—Ex.

But we haven't heard of his returning to Texas.

While we are having laws enacted to stop the killing of all kinds of game, wouldn't it be a good idea to see if we couldn't pass a few to protect the people?

The cabinet of President Roosevelt has at last taken Root, and with favorable conditions there is a chance for great developments.

It is pretty hard lines to put in over forty years as a member of the "art preservative," and then be called "The Village Blacksmith."

A fine auto road from Orlando to the coast will soon be ready for the people of that section.

THE INDIAN'S GAIT.

It Gives Him Perfect Balance, With Great Economy of Force.

A woodsman walks with a rolling motion, his hips swaying an inch or more to the stepping side, and his pace is correspondingly long. This hip action may be noticed to an exaggerated degree in the stride of a professional pedestrian, but the latter walks with a heel and toe step, whereas an Indian's or sailor's step is more nearly flat footed. In the latter case the center of gravity is covered by the whole foot. The poise is as secure as that of a ropewalker. The toes are pointed straight forward or even a trifle inward, so that the inside of the heel, the outside of the ball of the foot and the smaller toes all do their share of work and assist in balancing. Walking in the woods in this manner one is not so likely either to trip over projecting roots, stones and other traps as he would be if the feet formed hooks by pointing outward. The advantage is obvious in snowshoeing. If the Indian were turned to stone while in the act of stepping the statue would probably stand balanced on one foot. This gait gives the limbs great control over his movements. He is always poised. If a stick cracks under him it is because of his weight and not by reason of the impact. He goes silently on and with great economy of force. His steady balance enables him to put his moving foot down as gently as you would lay an egg on the table.—Field and Stream.

Told Who He Was.

Dr. Beadon, a former rector in Eltham, Kent, England, one Sunday preached from the text "Who art thou?" After reading it he made a pause for the congregation to reflect upon the words, when a man in military dress who at that instant was marching very sedately up the middle aisle of the church, supposing it a question addressed to him, replied, "I am, sir, an officer of the Sixteenth regiment of foot on a recruiting party here, and, having brought my wife and family with me, I am come to church because I wished to be acquainted with the neighboring clergy and gentry." This so deranged the divine and astonished the congregation that the sermon was concluded with considerable difficulty.

GAINESVILLE WILL HAVE TWO SCHOOLS

Citizens Have Subscribed Money to Increase Efficiency Here.

THE TRUSTEES ARE EARNEST.

They Are Desirous That Every Child of School Age Shall Take Advantage of the Opportunity to Secure Their Education.

At its meeting on Tuesday the Board of Public Instruction disposed of a number of matters of importance and of interest to the people, among which was a resolution providing that Gainesville Sub-School District will be provided with two schools during the coming term and in future until otherwise ordered.

This question was brought up and disposed of for two reasons. The first was that the passage of the Buckman bill had deprived the people of East Florida Seminary privileges. For the past few years the Seminary has been taking care of what really belonged to the public high school, hence the higher branches of the public school were unnecessary. The second reason is also a good and plausible one, as it means nothing more than a preparatory school in the higher branches for the University of Florida, which will be established here.

One of the schools will be taught in the public school building while the building for the other will be supplied by the city of Gainesville. The citizens at a recent public meeting, raised by subscription $1,500, with an assurance of more if necessary, for the maintenance of the extra or higher school, with the result that it will cost the district comparatively nothing. Both schools will be absolutely free, and it is the desire of the trustees that every child of proper age attend school in future.

While nothing definite has been decided upon, it is believed that all branches from the primary department to the grammar school will be taught in the county public school building, while the high school branches will be taken to the academic hall of East Florida Seminary. This will be decided upon later, however.

Superintendent J. L. Kelley stated Thursday that at this meeting a great many schools were supplied, but that the list would not be published until all appointments had been made and accepted. He stated, also, that the class of teachers to be employed in the county the coming term are the most efficient and worthy, and that the patrons of the various schools may feel assured of a good and efficient service.

After canvassing the returns from the various districts from the election which was held on the 13th inst., the meeting adjourned.

Another Real Estate Deal.

There was another important real estate deal in this city when J. J. Mixon sold to Mrs. Wm. Sutherland of High Springs the house and lot at the corner of West Court and North Pleasant streets, occupied by S. H. Dempsey.

The house contains eight rooms and is one of the most comfortable in the city. Notwithstanding this, Mrs. Sutherland expects to remodel and probably enlarge the place, as she realizes that desirable houses are scarce at this time in Gainesville.

Friends of Mrs. Sutherland are congratulating her upon the purchase.

A NEW ENTERPRISE.

Roux Bros. Will Open Large Plumbing and Supply Store Here.

Gainesville is to have a first-class plumbing and plumbing supply establishment. The new firm will be composed of F. A., L. T. and O. F. Roux, and will be known as Roux Bros. It may be possible that the firm will also carry hardware, but this has not yet been definitely settled.

The stores in the Edwards block, rear of J. W. McCollum & Co., East Main street S., have been leased for a number of years and extensive improvements and alterations are contemplated. There are three stores, which will be transformed into one large room, and the place throughout will be made convenient and attractive. Work will begin in a few days and the firm expects to begin business as soon as the building is ready to receive them. They will carry a full and complete, as well as an up-to-date line, and inasmuch as the city will have sewerage within another year, the firm contemplates a big business.

Marriage at Hague.

M. G Bryan, Jr., a promising young man of Hague, and Miss Herdie, the accomplished daughter of Mr. and Mrs. W. C. Hague, were married at the home of the bride's parents Thursday afternoon at 4 o'clock, Rev. Mr. Mason officiating. The wedding was a quiet one, only relatives and a few intimate friends being present. To the happy young couple The Sun, with other friends, extends greetings, with the wish that, in the language of Rip Van Winkle, "they may live long and prosper."

Labor Scarce in North State.

Raleigh, N. C., July 20.—One of the greatest problems now presented to the white people of North Carolina is that of labor and it may be regarded as the most serious one before the farmers. Housekeepers find the trouble of securing servants who will attend to their duties to be so great that in many cases in the towns and cities ladies who have never before undertaken such a think have become their own cooks. There are practically no white servants in North Carolina, the number being so small as to be really not worth mentioning.

Senator Depew Coming Home.

New York, July 20.—Senator Chauncey M. Depew has returned from Aix Les Baines, to Paris and will sail for New York next Saturday. When asked a few days ago whether he would return to America in view of the Equitable society matters, the senator declared that he would not break up his vacation.

Army Horses Burn to Death.

Lander, Wyo., July 20.—The troop stable at Forwashika, 16 miles from Lander, has been destroyed by fire. Fifty horses belonging to troops F, Tenth United States cavalry, were burned and also three mules and considerable saddlery. The horses were large sorrels and among the finest in the army.

A Question of Expense.

"How will you have your eggs cooked?" asked the waiter.

"Make any difference in the cost of 'em?" inquired the cautious customer with the brimless hat and faded beard.

"No."

"Then cook 'em with a nice slice of ham," said the customer, greatly relieved.

Breakfast Table Repartee.

"Will somebody please chase the cow down this way?" said the funny boarder who wanted some milk for his coffee.

"Here, Jane," said the landlady ironically, "take the cow down where the calf is bawling."—Kansas City Journal.

N. SLAUGHTER WAS REARRESTED

Father of Lou Sessions Was Not Satisfied With Verdict.

SLAUGHTER IS NOW IN JAIL

Was Arrested at Home of His Father, Newnansville, Wednesday Night, and Brought to This City—Preliminary Hearing Saturday.

Not being satisfied with the verdict of the coroner's jury in the case of the State vs. N. Slaughter, suspicioned of the murder of Lou Sessions at Newnansville some time during Saturday night, P. Sessions, father of the murdered man, came to this city Wednesday and caused to be issued a warrant for the rearrest of young Slaughter.

The warrant was given into the custody of Deputy Sheriff J. H. Granger, who proceeded to Newnansville and returned Thursday morning with the prisoner. Slaughter was placed in the Alachua county jail and will be given a preliminary hearing Saturday. Attorney J. M. Rivers will defend him.

Officer Granger states that Mr. Slaughter gave no resistance, agreeing readily to accompany him to Gainesville. He feels confident that he will be exonerated before Judge Mason at the preliminary hearing.

Honest Retrievement.

Let the touch of assistance offered to those who stumble be freighted with such buoyancy, strength and encouragement that it will prove an impetus. It is often in the establishing of one's footing that the balance is lost—for the lack of poise or some indefinable something. There is infinitely more credit in honest retrievement than in the even rut of moral being and continuance.—New Orleans Times-Democrat.

Perfectly Safe.

"Bridget, I have to go out this evening, and I want you to see that your mistress gets this note without fail as soon as she comes in."

"Yiss, sor, I'll just leave it in the pocket of the trousers ye've taken off. She be sure to go through them."—London Tatler.

Men's Nerves.

Not so very long ago a man who admitted the possession of nerves would have been regarded as an effeminate milksop. Nowadays, however, he is a much more frequent sufferer from the complaint than is womankind.—Coming Modes.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

EW FACTS IN BARRON MURDER

ots Were Fired From Window in Rear of Hester's Store.

OSTMASTER BARRON REPOSING

as Laying on Counter Reading Newspaper When First Shot Was Fired, nd Seven Shots Took Effect—Young Barron Killed Instantly.

A few new developments in the case f the murder of Watt Barron and the unding of his father, Postmaster J. Barron, by John P. Hester, at vinston, Wednesday afternoon, ached the city Thursday. These deelopments, however, do not alter the ts in the case.

Parties arriving from the Evinston ction Thursday state that Postaster Barron was first assaulted while ying down on a counter reading a wspaper. Hester emptied the conents of three shells loaded with buckots, and two chambers of a pistol at r. Barron, and seven buckshot took ect. Mr. Barron rolled off the unter after the first shot, which acunts probably for the fact that he is ve to tell the tale.

Young Watt Barron did not leave the r which he was loading with waterelons, as was at first reported. earing the shots, he is reported rely to have advanced to the door, hen the contents of the last shell of e second load in the shotgun struck im in the face, causing instant death.

It is said that the person firing he shots did not enter the postoffice. he shots were fired from a window in Mr. Hester's store, directly across the ilroad track and a few yards from arron store and postoffice, and within ll and open view. From the position he occupied on the counter Mr. Barron ade an excellent target, as his posiion was unobstructed, affording a good arksman a fine opportunity for his ork.

Mr. Hester mounted a horse directly fter the shooting and made his escape. e has not yet been captured.

WILL BUILD HOTEL.

Carter & Watts Sold Valuable Property to Mrs. Witherspoon.

Another valuable real estate transfer has been made, N. R. Carter and H. F. Watts having sold to Mrs. S. M. Witherspoon a half-block on South University street, immediately south of the Plaza hotel lot.

Mrs. Witherspoon has conducted the Osborn House, W. Arlington street, with great success for the past few years, and this hostelry under her management has become so popular as a boarding house that more room was needed, which led to this purchase. It is understood that she proposes to erect upon the newly acquired property a neat and roomy hotel, with perhaps thirty rooms. Work will probably begin as soon as the material can be secured.

The new hotel will be a moderate-priced one, and will no doubt be appreciated by the public, as Mrs. Witherspoon is said to be an excellent manager.

Mr Carter says that he also proposes to erect a neat and substantial dwelling on the east half of the block. He has not yet decided as to the number of rooms but the building will more than likely contain ample accommodations for the average-sized family. Work on the building will begin soon.

Farewell Social.

The young people of North Gainesville, desirous of showing their appreciation of friendship long existing, gave a farewell social in honor of Homer Brown and sister.

The evening was passed in a most enjoyable manner by the large number present, incidentally refreshments consisting of lemonade and cake being served.

Mr Brown has purchased a valuable tract of land in the vicinity of Waccasassa, and proposes to engage in trucking. He is an industrious young man, and will no doubt enjoy fine success.

TWO OPEN LETTERS

IMPORTANT TO MARRIED WOMEN

Mrs. Mary Dimmick of Washington tells How Lydia E. Pinkham's Vegetable Compound Made Her Well.

It is with great pleasure we publish the following letters, as they convincingly prove the claim we have so many times made in our columns that Mrs.

Mrs. Mary Dimmick

Pinkham, of Lynn, Mass., is fully qualified to give helpful advice to sick women. Read Mrs. Dimmick's letters.

Her first letter:

Dear Mrs. Pinkham:—

"I have been a sufferer for the past eight years with a trouble which first originated from painful menstruation—the pains were excruciating, with inflammation and ulceration of the womb. The doctor says I must have an operation or I cannot live. I do not want to submit to an operation if I can possibly avoid it. Please help me."—Mrs. Mary Dimmick, Washington, D. C.

Her second letter;

Dear Mrs. Pinkham:—

"You will remember my condition when I last wrote you, and that the doctor said I must have an operation or I could not live. I received your kind letter and followed your advice very carefully and am now entirely well. As my case was so serious it seems a miracle that I am cured. I know that I owe not only my health but my life to Lydia E. Pinkham's Vegetable Compound and to your advice. I can walk miles without an ache or a pain, and I wish every suffering woman would read this letter and realize what you can do for them."—Mrs. Mary Dimmick, 59th and East Capitol Streets, Washington, D. C.

How easy it was for Mrs. Dimmick to write to Mrs. Pinkham at Lynn, Mass., and how little it cost her—a two-cent stamp. Yet how valuable was the reply! As Mrs. Dimmick says—it saved her life.

Mrs. Pinkham has on file thousands of just such letters as the above, and offers ailing women helpful advice.

SHOT DOWN BY NEPHEW.

Old Misunderstanding Results in a Tragedy in South Georgia.

Cordele, Ga., July 20.—Henry Shrowder, age 55 years, was shot and instantly killed at the home of W. H. Brown, 3 miles from Warwick, in Worth county.

It is rumored that Jim Odom, a nephew of the dead man, has confessed to the shooting, but states that it was done in self-defense. Odom was here to attend the coroner's inquest. Details are hard to get, but it is stated that Jim Odom and others claim that Shrowder had made threats against his wife and family, from whom he was estranged. It is presumed that John Odom, Jim Odom and Perry Boyd went to see him to have an understanding Jim Odom stood at the rear of the house, Byrd near the front, while John Odom went into the house. Shrowder started out through the back door, according to Jim Odom. When he was commanded to stop, Odom says that Shrowder drew his pistol, and that to protect himself he fired the shot into his stomach.

Noted Outlaw Shot Down.

South McAlester, I. T., July 20.—Bob Miller, alias Bob Smith, alias Bob Bryant, a noted desperado, has been killed near Wilburton by Deputy Davis and Rosseman Love. Miller had been scouting in various parts of the territory for 15 years, and is wanted in Jacksboro, Tex., where he killed a deputy sheriff. A reward of $200 was offered for Miller by the Texas authorities some time ago. The presence of Miller in this vicinity became known several days ago, and Deputy Davis laid in wait for him. As the desperado came up, he was commanded to surrender. Instead, he made an effort to shoot, and the officers were compelled to shoot him down.

A Surprise Party.

A pleasant surprise party may be given to your stomach and liver, by taking a medicine which will relieve their pain and discomfort, viz: Dr. King's New Life Pills. They are a most wonderful remedy, affording sure relief and cure for headache, dizziness and constipation. 25c at all druggists.

THE BRAIN OF MAN.

A Theory That Its Records Once Made Are Never Effaced.

The brain of mankind has been defined as a kind of phonographic cylinder, which retains impressions made upon it through the medium of the senses, particularly through the eyes and ears. If this be true memory must depend for its intensity or retentive qualities upon the degree of observation with which the record is made. Nor is this all. If memory's record is kept in the shape of indentations upon the folds of brain matter, are they ever entirely effaced? In other words, do we ever really forget anything? May it not be that in the inner depths of the brain memory has stored up recollections of things which are never again purposely turned to perhaps, but which instantly spring into being and flash through the mind whenever we hear or see something which recalls them?

There are several well known mental phenomena which strengthen this theory. We know that memory often brightens during the last moments of life, and there are cases on record where Germans, French, Spaniards and others who, upon falling sick in this country scores of years after having entirely forgotten their native languages, recovered and used them upon their deathbeds. There is a theory that in all such cases the brain folds have relaxed, just as do the muscles and cords of the limbs and body, and that by so doing they expose to the mind's monitor indentations (recollections) which were long since folded up and put away as material that could not be of any particular use.

Forced to Starve.

B. F. Leek of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At all drug stores; only 25c.

Well Guarded Girls.

In New Guinea parents send their daughters to bed in a little house at the top of a tree every night, and when the girls have gone up the ladder is removed, so that there is no coming down till the parents allow it. Elopements under these circumstances must be difficult, and parents no doubt sleep the sounder for knowing that their girls are unable to take their walks abroad until their elders see fit for them to do so.—London Lady.

The Mantle of Charity.

The lady was making some remarks about the kind of clothing some other ladies at church had on.

"The finest garment a woman can wear," said her husband, "is the mantle of charity."

"Yes," she snapped, "and it is about the only dress, judging by the fuss they make over the bills, that some husbands want their wives to wear."—New York Telegram.

Cause.

Prosecutor (examining talesmen)—Have you ever known the prisoner or his counsel? Talesman—Yes. His counsel gave me some advice once in a lawsuit. Prosecutor—You are excused. You would evidently sympathize with the prisoner.—Life.

Miss Minnie Shaw has returned to her home in Alachua, after a pleasant visit to friends in North Gainesville.

Mrs. W. B. Higdon and children are now at St. Petersburg, where they are enjoying themselves as the guests of friends.

Mrs. W. L. Hill and son, Robert, and Mrs. T. W. Shands have gone to St. Augustine, where they expect to remain for the next few weeks.

W. J. Ayers, the clever soliciting freight agent of the Southern Railway, is at the Brown House. Mr. Ayers makes his headquarters in Jacksonville.

Mrs. E. L. Cushman and Miss Mary Cushman have gone to Seabreeze, where they will recuperate for a few weeks. Mrs. Cushman has been in ill health, and it is hoped the change will prove beneficial to her.

W. H. Lipscombe, local manager for the Singer Sewing Machine Company, has gone to Hawthorn and other points in the interest of his line. Mr. Lipscombe is not only a fine manager, but is regarded as one of the most successful salesmen in the State.

You'll be surprised at the improvement in the flavor of your desserts if you use Blue Ribbon lemon or vanilla extract. The Blue Ribbon flavor is different from all others. Ask your grocer for Blue Ribbon lemon and vanilla. Takes less. Flavors perfectly.

H. B. Arnold, one of the efficient clerks in the United States land office, has returned from his home at Orlando, where he has been for the past few weeks on his annual vacation. Mr. Arnold in the meantime spent a few days recuperating at Seabreeze. His numerous friends here are glad to welcome him again.

The United States land office force has been quite busy for the past two days. Among the visitors to the office were M. S. Bryan and W. H. Lewis of Fort Meade; D. W. Stokes, Chas. Montedoca, William Montedoca and Elias McClellan of Midland, Polk county, and Elias Wilson, J. S. Heithco and G. B. Fonts of Belmore, Clay county.

Justice R. A. Caswell of Alachua, Deputy Sheriff J. W. McCann and J. W. Harris of LaCrosse and S. F. Waite of Grove Park were in the city yesterday. Mr. McCann brought Daphney Wood, a colored woman, who was adjudged insane, and will be taken to the State Hospital for the Insane at Chattahoochee. The unfortunate woman is being held in prison here awaiting the arrival of an attendant.

There was a swell colored wedding at Mt. Pleasant M. E. Church Wednesday evening, the contracting parties being Chas. Duval and Sallie Trapp, two leaders of the colored 400 in this city. Quite a number of the white friends of the contracting parties, among whom were some of the most prominent in the city, were present to extend congratulations and wish the happy couple a life of uninterrupted connubial bliss. The church was handsomely decorated for the occasion with flowers and evergreens, and the bride, as well as her attendants, were handsomely attired.

PRYOR, TENN., June 1, 1901.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: I have suffered several years from kidney and bladder trouble and have tried a number of preparations, but can truthfully say that nothing has proved so effective as your Texas Wonder, which I can truthfully recommend. GEO. W. CLAIBORNE.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

C. Crisman and H. M. Sherouse, two prominent citizens of Micanopy, were in the city yesterday. Mr. Sherouse is engaged in the manufacture of yellow pine lumber and shingles and vegetable and fruit crates and baskets. He enjoys a fine business.

J. M. Everett of Donnie, one of our substantial agriculturalists, and a resident of the West End long enough to be one of the pioneers, made The Sun a short visit yesterday. Mr. Everett is a great advocate of Florida and the State has room for many more such good citizens.

Friends of Mr. and Mrs. W. L. Poulnot sympathize with them in the death of their eight-months-old daughter, Mary Lillian, which occurred at one o'clock Thursday morning, after an illness of about three weeks. The funeral was held Thursday afternoon, Rev. T. J. Nixon of the Methodist church officiating.

Phifer Brothers,

Phifers' Corner, Gainesville, Fla.

W. F. Berry of Stroble, one of the leading citizens of that section and a trustee of Stroble school, was in the city yesterday on business connected with the school board.

We have received a circular descriptive of the Suwannee Sulphur Springs, hotel and cottages, with information and testimonial as to value and use of the water, rates, etc. Our readers can get one of these pamphlets by calling at Johnson's drug store. d4tw1t

Mr. and Mrs. W. L. Poulnot desire to express their sincere appreciation and thanks for the many kindnesses shown them during the illness and death of their dear little daughter, Mary Lillian, and beg to assure these friends who were so attentive that their kindness will never be forgotten.

Hon. T. A. Doke of Santa Fe, member of the school board from that district, returned to his home yesterday, after a few days spent here in assisting Superintendent J. L. Kelley in school matters. Mr. Doke is very enthusiastic in all matters of public interest and is giving his time for the benefit of the school interests of the county.

The ladies of Kirby Smith Chapter, U. D. C., again desire to impress upon the public that if the free library is awarded to them the reference books will be donated to the public high school and the others to the new hospital. These books of reference are badly needed by the schools and this is the opportunity to obtain them. dawtf

The attention of property owners is specially directed to the notice of increase of assessment of certain lands, which appears in this issue. Some material increase in valuations have been made and the county commissioners will meet on Monday, August 7th, to hear complaints from those whose assessments have been increased, after which time they will have no remedy. If you do not appear before the board on that day you will have only yourself to blame for your assessment remaining as it is.

Many people here who wanted to see Dr. Armstrong on his former visit, but whose short stay did not give them the opportunity, will be pleased to learn that a special visit has been arranged for the following cities on dates named: Starke, July 20; Waldo, July 21; Gainesville, July 22-23; Alachua, July 24; Lake Butler, July 25. He requests that the present patients will call at the hotel to make reports on their cases, and he would be pleased to meet any others who are desirous of obtaining his services.

Henry Chitty received a telephone message yesterday morning stating that Dolph Chamberlain lost his residence Wednesday night, the building being burned to the ground and everything therein consumed with the exception of the piano. The family lost all their wearing apparel, Mr. Chamberlain not even saving his shoes. Just how the fire originated is not known, but it is supposed to have been the work of rats igniting matches. The loss is about three thousand dollars, with one thousand dollars insurance. Friends of the family deeply sympathize with them in their loss. Mr. Chamberlain is reported to have been very severely burned in his efforts to save some of his effects.

F. P. Henderson of Arno was among the prominent visitors to this city yesterday. Mr. Henderson is one of the leading and most successful peach growers in the State, his crop the past season netting him a nice sum. He is also progressive, and is manifesting a great deal of interest in the Florida State Fair, which will be held in Tampa from November 15 to 30 of the present year. He believes that Alachua county, with all her diversified resources, should have the finest general exhibit of any county in the State, which will no doubt be the case, as the people everywhere are taking interest in the Fair already. Mr. Henderson and his good wife will donate their proportion to showing what Alachua county can do.

Dr. E. H. Armstrong, the well known eye specialist of Jacksonville who paid our city a visit a short time ago, is making a special return trip to Starke, Waldo, Gainesville, Alachua and Lake Butler in the interest of his already many patients, and to allow any others who wish his services to consult him. The Doctor will be assisted and represented by one of the leading specialists, Dr. E. F. Smith, whom he introduces and recommends to his patients and friends here as a man of the very highest ability, and assures them that full dependence may be placed in Dr. Smith's services. At the Commercial Hotel, Starke, July 20; Waldo House, Waldo, July 21; Brown House, Gainesville, July 22-23; Sherfield House, Alachua, July 24; Dunn's House, Lake Butler, July 25.

G. W. Scarborough was in the city yesterday on business connected with the tax assessor's office.

J. P. Fowler, the lumber manufacturer of Lennon, was in the city yesterday. Mr. Fowler recently purchased a valuable lot on Alachua avenue and will erect thereon a handsome residence and move his family here. Mr. Fowler is the junior member of Fowler & Son, who are among the most successful lumber cutters in Levy county.

Will Indulge in Smoker.

On Tuesday evening of the coming week Mount Vernon Lodge No. 20, Knights of Pythias, propose to have an unusually interesting meeting. The rank of Esquire will be conferred by one of the best working teams in the State, and at the conclusion of the meeting the members will indulge in a smoker. Chancellor Commander Carter is particularly anxious for a good attendance at this meeting, and asks all brothers who can possibly do so to be present. Visiting brothers will also receive a royal welcome.
